

# Publish All Over the Internet

## Join Today

When you join as a premium member you will be essentially hiring a member assistant without the hourly rate. They will be providing a turn-key marketing program for your business.

## We Do The Setup

The last thing you want to hear are those three famous words... [LOG IN HERE](#). You will never need to log in unless you want to because that's the point of this entire service.

## We Present Program

You always remain in control because when we build out your initial marketing program, we will be calling to take you on a tour and get your approval. We are also USA based so there is no confusion!

## Very Easy to Update

You are going to love our program and how easy it is to provide clues to your member assistant. Just tell us your random, or very specific idea on what you would like us to add and we'll get that done for you.

## Significant Leverage

Instant publishing to multiple channels so no matter which way your prospects, or customers, choose to follow you they will see your updates. These are always updates to current services, or brand new ad displays.

### WE ARE GOING TO BE PUBLISHING YOUR BUSINESS ALL OVER THE INTERNET... And We Are Doing the Work!

Whenever your Member Assistant adds a business display it will be published to: Your Business Catalog, Your Mobile Application, Your facebook Business Page, Your Business Twitter Account, Your Traffic Catcher Website, Your Current Website (If You Have One), Your Displays Will be Indexed by Google and Bing, Included on the Community Website, Included on the Community Mobile App of Apps, and Included on the Community Local Golden Ticket Directory.

# Premium Chamber Membership Includes Marketing Features

## Digital Marketing

Your digital marketing tools will include a Traffic Catcher System, Marketing Landing Page, Digital Display Catalog for your Services, Customer Reference Catalog, Built In SEOs to improve indexing, and a unique Texting Keyword attached to your Digital Display Mobile App.

## Auto Mobile Assistant

It's like having your own marketing assistant in your pocket that's ready to assist you in building and updating your marketing program. You can even check your system statistics, votes, service popularity, and even send us a survey or support ticket right from your phone.

## Local Golden Tickets

A one-time-use Local Golden Ticket to provide an incentive for customers/clients. Simply let your Member Assistant know that you'd like to offer or advertise and they will setup a unique texting keyword for your Local Golden Ticket at no charge.

## Social Media Integration

As digital displays or references are added, they may auto update your Facebook business catalog tab, auto update your twitter, the Chamber of Commerce website, mobile apps, and even your current website. Your Member Assistant will be happy to handle much of this integration for you.

## A Member Assistant

The Chamber of Commerce knows that its members are very busy running their own businesses. Because of this, a Member Assistant is assigned to handle all of the initial setup of these marketing tools, as well as being available to you for ongoing support and consultation.

### Would you like to learn more about the value of Chamber of Commerce membership?

If you would like to learn more about Chamber of Commerce membership you have options to make it convenient for you. One way is to visit the website [www.ExperienceChamberMembership.com](http://www.ExperienceChamberMembership.com), or even schedule a personal tour by visiting the Chamber History Site at [www.ChamberME.com](http://www.ChamberME.com).
